RESPONSE TO OFFICE COMMUNICATION MAILED 02/20/2009

This is a response to the Restriction Requirement mailed February 20, 2009.

Claims 14-33 are subject to a restriction requirement under 35 U.S.C. §§ 121 and 372. Applicants hereby elect, with traverse, for continued prosecution Group I, claims 14-29 drawn to a photocurable composition.

Applicants further elect for claims 14-29, the following species:

- a) 3,4-epoxycyclohexylmethyl 3,4-epoxycyclohexanecarboxylate;
 - b) trimethylolpropane ethoxylated triacrylate;
 - c) propoxylated glycerine;
 - d) triaryl sulfonium hexfluoro antimonate salt mixture in propylene carbonate;
- and

e) 1-hydroxycyclohexyl phenyl ketone.

Claims 14, 19-25 and 27-29 are readable on the selections above.

Applicants elect with traverse because simultaneous examination of the inventions does not impose an undue burden of examination on the Examiner.

If the restriction requirement is made final, Applicants reserve the right to continue prosecution of non-elected inventions in one or more continuing applications.

The Commissioner for Patents is hereby authorized to deduct any fee due in connection with the filing of this document from Huntsman Corporation Deposit Account No. 08-3442.

Respectfully Submitted,
